THE READING ROOM

<http://readingroom.rrpl.org>

The Reading Room is a unique tool created by the staff at Rocky River Public Library to help patrons find great books. Each book entered into *The Reading Room* is given subject headings, locations, and time periods, which are then searchable. Browse or type in a title you have read to see what RRPL's staff recommends you try next!

Other useful features in *The Reading Room*:

Latest Additions – newest titles added to *The Reading Room*, updated weekly.

Between the Covers – RRPL's own reader's advisory newsletter. Read about upcoming releases by favorite authors and browse reviews by staff to find a gem you may have missed!

Select Reads – register to receive an e-mailed newsletter once a month from whatever book categories interest you (New Fiction, New Nonfiction, Hot Picks, New Mystery, Audio Books and more!)

READER'S REQUEST

We'd love to help you find your next new favorite author. Just click on the Reader's Request link from the middle of the Library's home page. Fill out the form on our website and let us get to work. We'll match your stated preferences to books we think you might enjoy, and then we can hold the books for you or e-mail you a list!
