

BOARD POLICIES

CELL PHONE

Category: Operational

Approved: October 25, 2007

Revised: April 19, 2011

Many people come to the library to find a quiet place to read and study. Please respect others' rights by observing these guidelines for cell phone use in the library. Patrons will be asked to leave the library if they fail to observe these guidelines.

Courtesy Guidelines:

- Set cell phones to vibrate or other silent mode.
- Parents must attend to their children during parents' phone calls.
- Keep voices at low level at all times

Cell Phone Zones are designated with signs. They provide a stronger signal and are located in the following places:

- Outside the building
- Greeter's Lobby
- Back of Children's Mezzanine

For public convenience, a courtesy phone is available in the Greeter's lobby for brief calls.
