A Message from the Director

One of the good things to come out of 2020 was the creation of the Library's outdoor Storybook Walk. The imaginative staff in the Children's Department installed the first book walk in the early days of the pandemic to allow community members of all ages to safely share the simple enjoyment of reading together. Stories are posted page by page on wooden stakes throughout the Library grounds and are changed monthly. Due to the popularity of the Storybook Walk, The Women's Committee of Rocky River Public Library donated funds for a permanent and more attractive structure. Look for this new installation in the coming months (weather permitting).

Speaking of The Women's Committee, this past summer the members of this support group made the difficult decision to dissolve after 67 years of dedicated support to the Library. They were honored at the August 2021 Board of Trustees meeting in recognition of their service. Through the years, The Women's Committee very generously provided in-person and financial support through fundraising events, primarily the ongoing and large-scale event book sales. They purchased thirteen pieces of original art crafted by Ohio artists for the Library, and have made numerous donations towards technology, facility upkeep, and many other much needed improvements. With heartfelt respect and appreciation, thank you to The Women's Committee of the Rocky River Public Library for your many, many contributions.

Never fear, the ongoing book sale isn't going anywhere. This treasure-trove of donated and discarded books will continue to be maintained by volunteers from the organization. Proceeds from the book sale will be directed to The Friends of the Library, who too, have provided the Library with invaluable support of our programming and most recently helped to fund a mobile kitchen called The Charlie Cart to introduce additional food literacy programming. Who doesn't enjoy learning about food!?!?

As the saying goes, if you don't like the weather in Northeast Ohio, wait a day...it'll change, but let's face it, Cleveland winters are COLD. As the long season sets in, I urge you take advantage of what the Library can do to help keep you entertained. We are offering more in-person programming such as the 'History Talks' series and 'From Spiders to Guardians: A Cleveland Baseball Celebration'; however, we will continue to make online programming available as well. Whether you choose to come into the Library or prefer to stay home, we have you covered!

See you at the Library!

Jamie L. Mason

2022 CLEVELAND HUMANITIES FESTIVAL

Discourse

March through April

The theme of the 2022

Cleveland Humanities Festival is "Discourse." Through a series of public events this spring, participants will ask questions about how we communicate with one another, including the dialogue within and between local communities, cultural institutions, corporations, and other key sites of social exchange. How do we hear, interpret, and ultimately act on conversations? To what extent did the global pandemic disrupt broader trends in social and political discourse? How can we improve our ability not simply to hear but also to listen - to words, sounds, and silence?

Mission Statement

To cultivate meaningful connections by providing information, inspiration and a welcoming place for contemplation and community.

Vision Statement

Leading and innovating through community-based services.

Rocky River Public Library is an independent library participating in CLEVNET, a consortium of library systems that share collections across Northeast Ohio. It is supported by the residents of Rocky River and by a portion of the General Fund of the State of Ohio. The Library's taxing authority comes only through the Rocky River Board of Education which, at the request of the Library, places periodic ballot issues before the public.

RRPL has a seven-member Board of Trustees, consisting of community members, which is the governing body authorized by the State of Ohio to establish policies and develop an annual budget. All Board and committee meetings are open to the public.
